

Dear Resident/Business,

The Summernats City Cruise will be held at midday on Thursday 5 January 2012 involving a convoy of up to 200 vehicles. The event is expected to draw a crowd of people into the Northbourne Avenue/Federal Highway corridor and will cause a short disruption to traffic and pedestrians.

The City Cruise will make its way from Exhibition Park in Canberra (EPIC) departing from the Summernats entrance near the old Shell service station site, Stirling Avenue, turning right onto the Federal Highway to travel along Northbourne Avenue into the City. Vehicles will then turn at the intersection with London Circuit and return back up Northbourne Avenue to EPIC.

The Federal Highway and Northbourne Avenue will be closed in sections as the Cruise passes.

The Cruise will have a police escort with a lead car, trailing car and motorcycles to assist with traffic control. The Cruise will travel at 40 kilometres per hour.

Uniformed police officers will have a presence along the route to assist with crowd control.

All road rules will apply for the event. An alcohol ban will be in place for public areas along the Federal Highway and Northbourne Avenue and, for safety reasons, the public will not be allowed to view the event from the central median strip.

If you have any questions, please visit www.tams.act.gov.au or contact Canberra Connect on 13 22 81.
